

ASEA[®] REDOX

*A Breakthrough
in Cell Signaling*

The Breakdown

Your cells are breaking down. Healthy lifestyle or not, no one escapes the consequences of age.

Although you may feel well, the effects of cellular breakdown are sneaking up on you. Current research shows that environmental factors such as stress, diet, the air we breathe, and aging can actually turn off genes, meaning the genetic instructions that dictate healthy body functions don't get through. The consequences can manifest in every system of the body.

Five key areas of health are affected by this cellular breakdown

HORMONE MODULATION

Hormones regulate nearly every cell in the body. The slightest imbalance can affect metabolism, growth, sleep, and even mood.

CARDIOVASCULAR SYSTEM

Your blood is a rich cocktail of oxygen, nutrients, hormones, and more—and full coverage keeps organs functioning.

IMMUNE SYSTEM

Keeping watch over every internal inch of your body, a healthy immune response protects against invasive microorganisms.

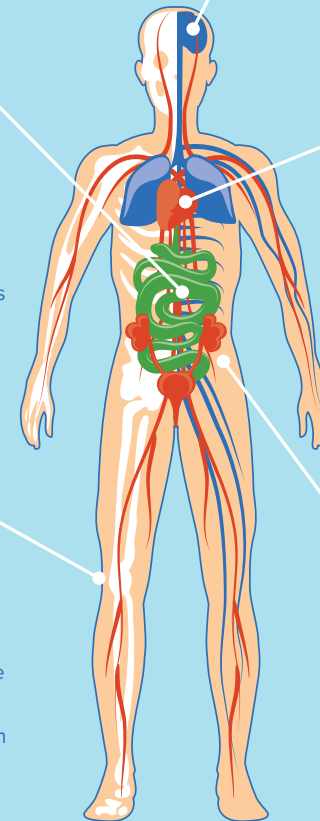

DIGESTIVE FUNCTION

A joint effort between organs and microorganisms supplies nutrients to your body. Its harmony is not just healthy, but happy.

INFLAMMATORY RESPONSE

Inflammation helps balance the effects of exercise or overexertion that come with an active lifestyle.

The Redox Breakthrough

What if there were a simple way to address this cellular breakdown? Not just mask the symptoms, but actually attack problems at the source—the genetic level?

There is.

ASEA has developed a unique breakthrough product technology that has been scientifically tested and shown to support the signaling of the activation of genetic pathways or affect genes that:

- › Improve immune system health*
- › Help maintain a healthy inflammatory response based on an active lifestyle*
- › Help maintain cardiovascular health and support arterial elasticity*
- › Improve gut health and digestive enzyme production*
- › Modulate hormone balance to support vitality and wellness*

ASEA REDOX Cell Signaling Supplement is the first and only supplement on the market certified to contain active redox signaling molecules, powerful cellular messengers that help protect, rejuvenate, and restore cells.* These molecules, native to the human body, are created through a groundbreaking, patented process that reorganizes molecules of refined salt and purified water into redox signaling molecules.

Redox signaling works at the genetic level to help protect, rejuvenate, and restore cells.*

What Are Your Cells Telling You?

Cell signaling in your body plays a key role in regulating gene expression. We're not talking eye color here—your genes do much more than dictate physical characteristics. Genes give life-sustaining instructions to cells, and cells carry out those instructions to keep you alive and healthy.

As we age, cell communication breaks down, the signal weakens, and gene expression can be disrupted. Regulating gene activity with redox signaling molecules keeps cellular communication strong.*

The Only One with Redox

ASEA REDOX Cell Signaling Supplement affects health at the genetic level.* It is the only redox supplement certified to contain active redox signaling molecules.

ASEA REDOX can positively affect gene expression throughout the body, helping protect, rejuvenate, and keep cells functioning at increased levels.*

ASEA REDOX is produced in an FDA-registered, NSF-certified facility and is certified by an independent third-party lab to contain active redox signaling molecules.

Power Your Life

Drinking ASEA REDOX every day is such a simple thing to do, and it enhances the ability of every cell in your body to facilitate positive gene expression, allowing you to experience the vitality of true health and wellness.*

For Best Results

Drink four ounces of ASEA REDOX every day. We recommend two ounces in the morning and two ounces in the evening. Those between the ages of 12 and 18, drink two ounces daily.

Consume within one month of opening.

ASEA REDOX may be refrigerated for improved taste.

Drinking ASEA REDOX every day
can support gene regulation
and keep your cells talking.*

Achieve Your Health Potential

Are you ready to experience ASEA REDOX for yourself? To find out more, talk to the person who shared this brochure with you. They can also tell you how to experience the benefits of redox signaling topically with the RENU Advanced Skincare system.

You have nothing to lose and everything to gain. Give ASEA REDOX a try today!

The Real Redox Experience

“I noticed a difference the first day taking ASEA REDOX. I understand that some people are going to be skeptical, but if they’re willing to give it a shot, they’re going to see a result. For me, it’s been life-changing!”

BONNIE ROGERS
MONTANA

“Over two and a half years of being on ASEA REDOX, I have seen a continual change in my body, and I never plan on going back to where I was.”

LELAND DUYCK
TEXAS

“I train in the pool about 24–25 hours a week, and probably do about six hours of lifting. It’s like 30 hours of physical exercise a week. Recovery is immensely important. As I started taking ASEA REDOX, my aerobic base increased, and I was able to train longer at a higher threshold. That was the biggest eye-opener for me.”

CODY MILLER
OLYMPIC GOLD MEDALIST, SWIMMING
