How It Works

From the day you enroll you can earn Club One points by completing actions. These points can unlock bonuses, rewards, and global recognition. Each cycle is four weeks long, and your points reset after each cycle.

Jumpstart Cycles

When you first join ASEA, your first three cycles are your Jumpstart Cycles—a launch period designed to give you extra time, extra rewards, and the momentum to help you start strong and build momentum fast. From the day you enroll, your first cycle includes the remainder of the current cycle plus the next full four-week cycle—so you always get a full four weeks to take action during your very first cycle.
