

ASEA®

Consistency Rewards

Now your hard work pays off even more.

Consistency pays off in your business, and it's about to start paying off at events as well with the new Consistency Rewards program.

How you're rewarded by rank

Lifetime Director 300

Get paid four weeks in a row at Director 300 + and receive an exclusive regional virtual training invitation. You'll be qualified to attend this training quarterly for one year.

Lifetime Director 300 and Director 700

If you are a Lifetime Director 300 and/or a Director 700 you are grandfathered into the program and earn more training. To qualify, you must be paid at Director 300 or higher four times in a row, and you'll gain the quarterly training for an entire year.

Gold Executive

There's an exclusive training for new Gold Executives who achieve the paid rank of Gold Executive or higher 15 times during a rolling 52 weeks. This training is only available at conventions and can only be redeemed one time by each associate.

An ASEA corporate executive will teach this unique training at each convention, with the first being at our ASEA 2022 Global Convention in Las Vegas in April.

Be one of the initial associates to experience the Consistency Rewards convention training!

Because ASEA 2022 Global Convention is only six months away, we're pro-rating this program until then. That means you need to achieve the paid rank of Gold Executive or above seven times between 11 September and 11 March, and you'll be qualified. This type of prorated qualification is for this year only. All future qualifications will be determined by how long it takes for an associate to get paid at Gold Executive rank or higher 15 items in 52 weeks.

If you are a Lifetime Gold Executive and/or a Platinum Executive, you are grandfathered into the program and are eligible to earn this training.

Consistency is key to building a solid and stable business. Consistency helps you advance through the ranks. With ASEA™ Consistency Rewards, you'll learn even more ways to bring consistency to your business with exciting training to help you continue to provide stability and wealth to your business.
