

RENU 28[®]

Revitalising Redox Gel

It's not another face cream. It's 90 mL of skin-priming, moisturising multipurpose gel for your whole body. Don't settle for the beauty routines of yesterday. Transform the appearance of your skin with RENU28[®] Revitalising Redox Gel. Skin care upgrade complete.

The RENU28 Story

Everyone is born with smooth, resilient skin. Youthful skin cells renew quickly, but over time, skin cell turnover slows. The result is visibly aging skin.

RENU28[®] Revitalising Redox Gel is revolutionising the way we think about skin care. Using patented ASEA[™] redox technology, RENU28 is foundational skin care at its best.

Your Body Creates, RENU28 Revitalises

Although skin's natural ability to renew itself declines over time, the daily application of RENU28 improves the appearance of tighter, more nourished skin from head to toe.

RENU28 is full-body beauty that helps reduce the appearance of cellulite and wrinkles, soothe dry skin, and cool the body post workout.

- › Helps reduce the appearance of cellulite dimples and wrinkles, visibly enhancing skin texture and the appearance of smooth skin.
- › Helps soothe skin from the drying effects of the sun or after shaving.
- › Provides cooling and relaxing sensations to your skin post workout.
- › Visibly improves the appearance of fine lines and wrinkles.

More Power to Your Skin

ASEA's patented process produces redox molecules, which help improve the healthy, youthful appearance of skin.

90 mL / 3.0 fl. oz.

Pricing can be found in your virtual office library.

RENU28® Revitalising Redox Gel

Proven Results

A world-renowned dermatological research institute, Dermatest®, conducted clinical trials on RENU28® with amazing results.

Over 28 days, clinical tests showed visible improvements.
