

Double the Free Cases

Want a free case? How about TWO? (and how about until May?)

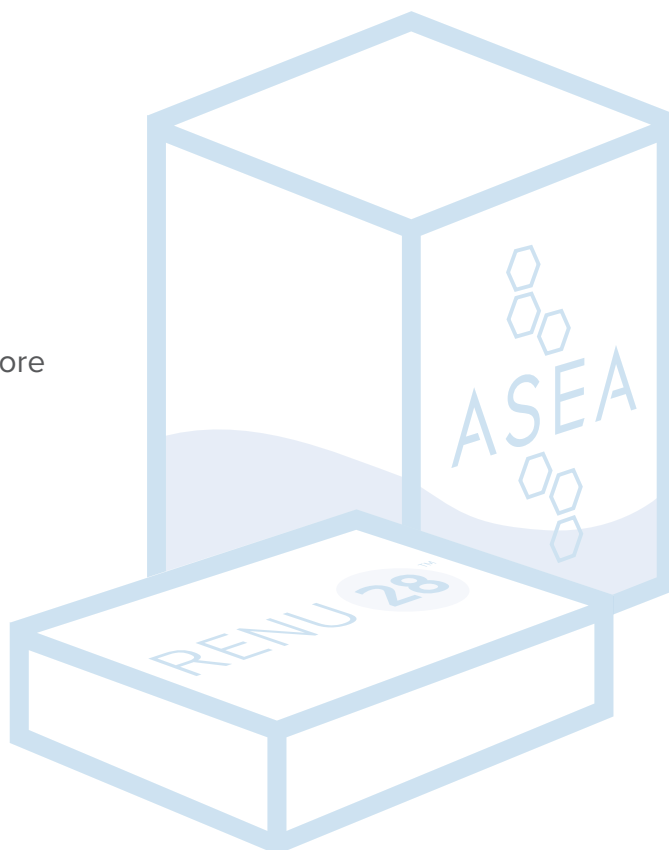

That's right! Beginning September 1, ASEA's free case promotion doubles! And this promo doesn't end when the year is out. We're extending this free case double-whammy until May 13, 2016!

Any new associate, anywhere in the world, can do it.

- 1** **Enroll** with a minimum 100 PV Enrollment Pack.
- 2** **Complete** three 100 PV minimum autoship orders.
- 3** **Click** the free case widget on your virtual office home page and it will take you to your shopping cart, where you can redeem your free case.
- 4** **Stay** on autoship and complete three more orders, and get ANOTHER free case!

Choose ASEA Redox Supplement or RENU 28! All you take care of are taxes and shipping!

Be sure your autoship is consecutive! Your qualifications must be back to back in order to get both free cases, and you must still be on active autoship at the time you order.

Free case must be redeemed within 90 days of qualifying. Must enroll by May 13, 2016, to participate. New associates who enrolled March 1, 2015, or later can be grandfathered into this program with consecutive autoship since time of enrollment.
